Public Utilities

FORTNIGHTLY

Index to Volume 65

Including the Issues of January 7, 1960 to June 23, 1960

PUBLIC UTILITIES REPORTS, INC.
WASHINGTON, D. C.

INDEX

To Vol. 65 of *Public Utilities Fortnightly*

Pages by Issue

January 7, 1960	Pages	1 to 72	April 14, 1960	Pages	505 to 576
January 21, 1960	"	73 to 144	April 28, 1960	"	577 to 648
February 4, 1960	"	145 to 216	May 12, 1960	"	649 to 720
February 18, 1960	"	217 to 288	May 26, 1960	"	721 to 792
March 3, 1960	"	289 to 360	June 9, 1960	"	793 to 888
March 17, 1960	"	361 to 432	June 23, 1960	"	889 to 960
March 31, 1960	"	433 to 504			

For Index to Feature Articles, see page X.

Subject Index

ACCOUNTING
- Balance sheet confusion over disposition of deferred taxes, 691.
- Conflicting federal and state accounting requirements, 492.
- New Jersey leans toward "flow through," 42.
- Regulatory treatment of accelerated depreciation, 830.

ADVERTISING AND PROMOTION
- Outlook for public utilities—1960, 1.

APPORTIONMENT
- Separations manuals controversy, 615.

ATOMIC ENERGY
- AEC expenditures, 31.
- Bigger plants planned, 761.
- British sales of atomic power plants, 411.
- Congressional developments, 320.
- EEI reports on atom, 697.
- Meeting tomorrow's power needs, 793.
- New hopes for fusion, 692.
- Recent publication—"A Uniform Procedure for Use in the Evaluation of Nuclear Power Reactors," 53.
- Recent publication—"Task Force Evaluation Report—Small-sized Nuclear Power Plant Program," 125.
- States to get some atomic controls, 681.
- Trends in atomic energy, 39.

CAPITAL
- See Return.

CARRIERS
- See Railroads; Transportation.
- Merger rumors rampant, 917.

CERTIFICATES
- Producer rate regulation, 145.

CHARTS
- Bell system earnings adjusted for inflation, 924.
- Con Ed's cost of bond financing, 618.
- Consumption of coal, gas, and oil as fuel in 1953–1959, 544.
- Economic activity 1958–1959, 40.
- EEI long-term forecast, 854.
- Gas appliances in use today, 542.
- Growth of natural gas network, 543.
- Relative power resource development in U.S.S.R. and U.S.A., 479.
- Trends of utility stocks, 108, 252, 477, 620, 762, 855.

COMMISSIONS
- See also Federal Communications Commission; Federal Power Commission.
- Businessmen support commissions, 753.
- CAB chairman confirmed as judge, 682.
- Chief Justice's plan, 917.
- Commission on intergovernmental relations meets, 31.
- Corcoran at the bat, 848.
- More regulatory probing in 1961, 915.
- NARUC gives attention to gas problems, 319.
- Regulation—what's wrong with it? 660, 738.
- Scope and philosophy of regulatory commissions, 909.

COMMUNICATIONS
See also Radio and Television; Telephones.
Bell Laboratories build space terminal, 696.
Censorship *versus* regulation of communications, 187.
Computer machines can talk to each other, 115.
Excise tax ruling, 33.
"Magic" facsimile paper demonstrated, 35.
Project "echo" tested, 921.
RCA receives missile detecting contract, 401.
Recording regulations for one-way messages, 400.
Reflecting satellite announced, 35.
Research center for mass communications receives gift, 248.
Solar-powered call box for stranded motorists, 757.
Transatlantic cable capacity may be doubled, 537.
Union opens headquarters, 176.
Unions utilize telephone and teletype in alerting membership, 248.
Voice of America continues to penetrate Russia, 538.
Western Union adopts "local time," 686.
Western Union to submit divestment plan, 683.

CONGRESS
See Legislation.

CONSOLIDATION, MERGER, AND SALE
El Paso merger allowed, 102.
Independent telephone corporation acquires two companies, 401.
Merger rumors rampant, 917.

CO-OPERATIVES
Toward greater freedom, 815.

COST OF CAPITAL
See Return.

COURTS
Supreme law of the land, 301.

DEPRECIATION
Accelerated depreciation funds for plant expansion, 217.
Alternative tax depreciation and the regulated utilities, 456.
California commission orders "flow through" for rate fixing, 687.
Illinois supreme court now supports "normalization," 619.
New Jersey leans toward "flow through," 42.
Obsolescence *versus* tax depreciation for electric utilities, 584.
Regulatory treatment of accelerated depreciation, 830.

DIVIDENDS
Chart—trends of utility securities, 108, 252, 477, 620, 762, 855.

DIVIDENDS—Cont'd
Rochester G&E plans annual stock dividend, 111.
Table—data on electric utility stocks, 112, 256, 408, 546, 693, 857.
Table—data on gas utility stocks, 42, 184, 332, 481, 622, 764, 928.
Table—data on telephone, transit, and water stocks, 43, 185, 333, 482, 623, 765, 929.
Table—yield yardsticks, 253, 407, 619, 853.

EARNINGS
See also Dividends; Finances; Return.
Chart—Bell System earnings adjusted for inflation, 924.
Chart—trends of utility securities, 108, 252, 477, 620, 762, 855.
Decreasing earnings in electric power industry, 721.
Goodbody's study—interest during construction credit, 925.
Low electric rates and increased net earnings, 798.
Table—data on electric utility stocks, 112, 256, 408, 546, 693, 857.
Table—data on gas utility stocks, 42, 184, 332, 481, 622, 764, 928.
Table—data on telephone, transit, and water stocks, 43, 185, 333, 482, 623, 765, 929.
Table—yield yardsticks, 253, 407, 619, 853.

ECONOMICS
Chart—Bell System earnings adjusted for inflation, 924.
Chart—economic activity 1958–1959, 40.
Community prosperity and utilities, 47.
Cost of money capital, 889.
Energy in an expanding economy, 934.
Inflation impact on public utility regulation, 625.
Recent periodical reviews on regulation, 549.
Recent publication—"Alaska, Its Economy and Market Potential," 701.
Recent publication—"Long Range Forecast of U. S. Precipitation," 939.

EDUCATION
Recent publication—"Corporate Aid to Education Rises," 125.

ELECTRICITY
Allen King forecasts continued electric utility growth, 106.
Chart—EEI long-term forecast, 854.
Chart—relative power resource development in U.S.S.R. and U.S.A., 479.
Computers promise big savings, 250.
Consolidated Edison's labor productivity six times that of 1930, 254.
Consolidated Edison's rate increases do not settle return, 182.
Consumer's personal experience with utility ownership, 237.
Decreasing earnings in electric power industry, 721.
Diesel engines to generate electricity, 52.
Direct conversion of heat to electric power, 628.

ELECTRICITY—Cont'd
EEI reports on atom, 697.
EEI reports on national water resources, 259.
Electric autos might double use of electricity, 478.
Energy in an expanding economy, 934.
Farm power sales—a practical plan, 120.
Gas burning by electric utilities, 545.
Heating with electricity, 820.
Industry trends forecast, 402.
Long-term forecast for electric power output, 853.
Low rates and increased earnings, 798.
Meeting tomorrow's power needs, 793.
Moss committee's mysterious chart on U.S.S.R. 1975 power capacity, 476.
New York utilities form planning group, 174, 255.
New York utilities to study power pooling, 255.
Obsolescence *versus* tax depreciation for electric utilities, 584.
Recent publication—"Automation and the Worker: A Study of Social Change in Power Plants," 939.
Recent publication—"Biography of Thomas Edison," 50.
Relocation expenses of electric utility, 865.
Russian power development, 339.
Sales promotion yardsticks, 382.
Socialism and crab grass, 163.
Table—financial stock data, 112, 256, 408, 546, 693, 857.
Union Electric to save $30 million by pumping water uphill, 545.
Use of coal, gas, and oil in electric generation 1946 to 1958, 554.
Utility service taken for granted, 903.

EXPENSES
See also Depreciation.
Casualty losses, 57.
Contributions by public utility corporations to charitable enterprises, 289, 873.
Franchise or certificate expense as part of rate base, 561.
Publishers seek reversal of ad tax curb, 29.
Relocation expenses of electric utility, 865.
Retirement programs for utilities, 312.
Sales promotion yardsticks for electric and gas utilities, 3, 382.
Telephone charity contribution, 103.

FEDERAL COMMUNICATIONS COMMISSION
Eisenhower appoints N. J. lawyer to FCC post, 537.
New chairman favors "payola" crackdown, 473.
Secretary resigns, 615.

FEDERAL GOVERNMENT
Let's not kill the goose that lays the golden eggs, 671.
Seaton picks fuel executives, 246.

FEDERAL POWER COMMISSION
Commissioner's views on antitrust laws and regulated companies, 373.
Gas confusion, unlimited, 443.
Gas problems get attention from NARUC, 319.
Gas producer rate cases—current factors, 145.
Inquiry broadened, 680.
Irregularities denied, 534.
Outlook for public utilities—1960, 1.
Producer rate case log jam, 171.
Two new members, 751.

FINANCES
AT&T report, 323.
Borrowing may be tougher in 1960, 112.
Bull market over, 475.
Canadian utility regulation—pitfalls to avoid, 11.
Chart—Con Ed's cost of bond financing, 613.
Citizens Utilities—an interesting case study, 41.
Cost of Con Ed's bond money has doubled in twelve years, 617.
Decreasing earnings in electric power industry, 721.
Dow-Jones' industrial average now included in chart, 618.
EBS charts show yield premiums for utility financing, 405.
Economic cost of money capital, 889.
Expansion planning, 19.
Private placements for utility shares, 577.
Senior money cost utilities 5.20 per cent in 1959, 408.
Table—data on electric utility stocks, 112, 256, 408, 546, 693, 857.
Table—data on gas utility stocks, 42, 184, 332, 481, 622, 764, 928.
Table—data on telephone, transit, and water stocks, 43, 185, 333, 482, 623, 765, 929.
Table—utility financing, 38, 180, 181, 255, 478, 621, 689, 690, 760.

GAS
Bill revival—more talk than action, 533.
Chart—appliances in use today, 542.
Chart—consumption of coal, gas, and oil as fuel in 1953–1959, 544.
Chart—growth of natural gas network, 543.
Coping with today's regulatory problems, 217.
Electric utilities burning more gas, 545.
El Paso merger allowed, 102.
FPC criticized for "skyrocketing" prices, 32.
FPC ordered to re-examine Transco case, 29.
Gain in gas revenues forecast by AGA, 758.
Industry sets new records, with house heating big gainer, 107.
NARUC gas rate group, 472.
Natural gas industry—past and present, 767.
Natural gas shares reach new 1960 peak, 856.
Outlook for public utilities—1960, 1.
Pipeline issue over depletion and intangibles, 253.

GAS—Cont'd
Producer problems get attention from NARUC, 319.
Producer rate cases—current factors, 145.
Producer regulation and the intrastate market, 122.
Producer regulatory confusion, unlimited, 443.
Sales promotion yardsticks, 382.
Table—financial stock data, 42, 184, 332, 481, 622, 764, 928.
Transco case to Supreme Court, 681.
Union oil settlement, 171.
U.S. gas reserves up 3 per cent, Canadian 14 per cent, 480.

GOVERNMENT POWER
See Public Power; Water Power.

INDUSTRY
Coal industry outlook, 172.
Expansion planning, 19.
Integrated marketing concept for public utilities, 84.
New desalting process, 682.
Outlook for telephone expansion in the sixties, 92.
Political agitation for 5 per cent annual growth in GNP, 851.
Residual oil import quotas, 32.
Telephone industry in dynamic role, 178.

INTERSTATE COMMERCE COMMISSION
Administrative problems, 433.
Rate-making powers, 649.

LABOR
Communications union opens headquarters, 176.
Communications workers issue legislative handbook, 614.
Communications workers set 1960 goals, 324.
House continues minimum wage hearings, 539.
King-Thompson law survives, 245.
Personnel management—new era wanted, 73.
Public utility employee and politics, 556.
Recent publication—"Automation and the Worker: A Study Of Social Change in Power Plants," 939.
Recent publication—"Discipline and Discharge in the Unionized Firm," 196.
Retirement programs for utilities, 312.
Work measurement units for utility employees, 731.

LEGISLATION
Antipollution bill out, 398.
Bills in Congress, 850.
Communications workers issue legislative handbook, 614.
Gas bill revival—more talk than action, 533.
Gas confusion, unlimited, 443.
High Mountain Sheep dam and the Snake river salmon problem, 361.
High Mountain Sheep dam hearings, 472.

LEGISLATION—Cont'd
House passes mineral leasing bill, 536.
House votes to continue telephone tax, 921.
Justice department backs wire-tap bill, 757.
King-Thompson law survives, 245.
Local transportation aid bill, 398.
Mineral leasing bill, 398.
Minimum wage hearings continue in House, 539.
Oil and gas watching coal, 243.
Outlook for public utilities—1960, 1.
Politics begin in a little red schoolhouse, 154.
Recent publication—"Capitalization under Holding Company Act," 45.
Regulatory reform, 397, 609.
Senate fuels study opposed, 536.
Senator Murray's power forum, 322.
Supreme Court decisions not supreme law, 301.

MANAGEMENT
Expansion planning, 19.
Integrated marketing concept for public utilities, 84.
Personnel management—new era wanted, 73.
Politics begin in a little red schoolhouse, 154.
Recent publication—"How to Help Your Husband Relax," 196.
Recent views on stock option plans for key personnel, 633.
USITA management development program, 399.
Work measurement units for utility employees, 731.

MERCHANDISING
Chart—gas appliances in use today, 542.
Electric appliance sales expected to gain, 330.

MONOPOLY
Antitrust laws and regulated companies under the FPC, 373.
Antitrust policy applied to interstate utilities, 273.
Oil pipelines' antitrust problems, 173.
Western Union to submit divestment plan, 683.

MUNICIPALITIES
Special taxes imposed by local authorities should be shown on bills, 777.

NATURAL GAS
See Gas.

NEWS ITEMS
March of events, 54, 126, 197, 268, 342, 415, 489, 558, 630, 702, 773, 870.

PRIVATE ENTERPRISE
AT&T vigorously defends profits system, 326.
Challenge of competition—meeting it with new ideas, 936.
High Mountain Sheep dam and the Snake river salmon problem, 361.

PRIVATE ENTERPRISE—Cont'd
Let's not kill the goose that lays the golden eggs, 671.
Politics begin in a little red schoolhouse, 154.
Public utilities *versus* private—ratios and results, 692.
Socialism and crab grass, 163.

PROGRESS OF REGULATION
Review of current cases, 59, 132, 203, 275, 348, 419, 494, 563, 635, 707, 779, 875, 947.
Trends and topics, 57, 130, 201, 273, 345, 418, 492, 561, 633, 705, 777, 873, 945.

PUBLICATIONS
"Alaska Its Economy and Market Potential," 701.
"A Uniform Procedure for Use in the Evaluation of Nuclear Power Reactors," 53.
"Automation and the Worker: A Study of Social Change in Power Plant," 939.
"Buying and Selling in an Industrial Market," 124.
"Corporate Aid to Education Rises," 125.
"Capital Structures of Electric Utilities under the Public Utility Holding Company Act," Virginia Law Review, 45.
"Discipline and Discharge in the Unionized Firm," 196.
"Guide to Nighttime Highway Safety," 196.
"How to Help Your Husband Relax," 196.
"Long Range Forecast of U. S. Precipitation," 939.
"Rate Book of Gas Pipelines," 341.
Recent utility brochures by Wall street firms, 927.
"River Basin Administration and the Delaware," 939.
Table—recent utility brochures, 330.
"Task Force Evaluation Report — Small-sized Nuclear Power Plant Program," 125.
Thomas Edison biography, 50.

PUBLIC POWER
Annual convention of American Public Power Association, 860.
Burns Creek project—what's behind it? 505.
Canada's ambitious $4 billion hydro program, 109.
Consumer's personal experience with irrigation power district, 237.
Group holds Washington meeting, 192.
High Mountain Sheep dam and the Snake river salmon problem, 361, 535.
IBA condemns interest-subsidized public power, 36.
Missouri power distribution, 30.
Power planks for '60? 470.
Senator Murray's power forum, 322.
Utility service taken for granted, 903.

PUBLIC RELATIONS
Charitable and civic contributions by utilities, 289.
Civic organizations help the community, 869.
Retirement programs for utilities, 312.

PUBLIC RELATIONS—Cont'd
Utilities' role in explaining today's regulatory problems, 217.

RADIO AND TELEVISION
ASCAP to change rules, 539.
FCC establishes radio-TV monitoring unit, 920.
FCC hearings on broadcasting, 34.
FCC notifies UHF license holders to begin operation, 401.
Harris' committee outlines plans, 176.
Low-cost pay TV announced, 757.
New FCC chairman favors "payola" crackdown, 473.
New interest in pay TV, 474.
Radio broadcast pay TV test, 613.
Suspension of equal time likely, 921.

RAILROADS
ICC and railroad pricing problem, 649.
Management fights featherbedding, 117.
Merger rumors rampant, 917.
Passenger deficit shrinking, 857.
Survival of commuter rail service, 931.
Way for joint control cleared, 32.

RATE BASE
Fair value—views of Bell officials on importance, 922.
Franchise or certificate expense as part of rate base, 201, 561.
Guide to valuation or measure of value, 418.
Pipeline issue over depletion and intangibles, 253.

RATES
Air-line fare increase, 753.
Consolidated Edison's rate increases do not settle return, 182.
FPC criticized for "skyrocketing" gas prices, 32.
Gas confusion, unlimited, 443.
Gas producer rate cases—current factors, 145.
Low electric rates and increased net earnings, 798.
NARUC gas rate group, 472.
No refund of charges made under lawful schedules, 945.
Outlook for public utilities—1960, 1.
Possibility of AT&T interstate rate reduction seen, 919.
Railroad pricing problem and the ICC, 649.
Rate factor not controlling in allotment of service areas, 705.
Recent publication — "Rate Book of Gas Pipelines," 341.
Southern Bell rate increase ordered in Louisiana, 175.

REGULATION
Canadian utility regulation — pitfalls to avoid, 11.
Chief Justice's plan, 917.
Commission regulation—what's wrong with it? 660, 738.

REGULATION—Cont'd
Communications *versus* censorship, 187.
Coping with today's regulatory problems, 217.
Jersey regulation's silver anniversary, 266.
More regulatory probing in 1961, 915.
Outlook for public utilities—1960, 1.
Recent periodical reviews on regulation, 549.
Scope and philosophy of regulatory commissions, 909.
Socialism and crab grass, 163.
Supreme Court decisions not supreme law, 301.
Unsound regulatory practices — impact on water companies, 484.

REGULATORY TRENDS
See Trends and Topics.

REPARATION
No refund of charges made under lawful schedules, 945.

RETURN
Consolidated Edison's rate increases do not settle return, 182.
Coping with today's regulatory problems, 217.
Decreasing earnings in electric power industry, 721.
FPC should allow a higher rate of return, 616.
Rates of return allowed in 1958–1959 decisions, 38.
Recent publication — "Capitalization under Holding Company Act," 45.

REVENUES
Gain in gas revenues forecast by AGA, 758.

RURAL ELECTRIFICATION ADMINISTRATION
Electric co-ops future, 770.
Interest change unlikely, 246.
Nebraska REA has problems, 321.
NRECA meeting, 396.
Outlook for public utilities—1960, 1.
Toward greater freedom, 815.

SAFETY
Little "show shop" helps off-job safety, 523.
Safety belts to prevent automobile accident injuries, 335.

SALES
Recent publication—"Buying and Selling in an Industrial Market," 124.

SECURITIES
Calendar of utility offerings, 692, 926.
Chart—utility stock trends, 252, 477, 620, 855.
Natural gas shares reach new 1960 peak, 856.
Private placements for utility shares, 577.
Recent views on stock option plans for key personnel, 633.
Table—utility offerings, 39, 181, 404.

SERVICE
Abandonment of service operated at loss when service was profitable in past, 130.
AT&T rushes service for correspondents, 399.
Canadian utility regulation—pitfalls to avoid, 11.
Consumer's personal experience with utility ownership, 237.
Customer preference as a regulatory factor, 345.
Expansion planning, 19.
Rate factor not controlling in allotment of service areas, 705.

STRIKES
See Labor.

TABLES
Data on electric utility stocks, 112, 256, 408, 546, 693, 857.
Data on gas utility stocks, 42, 184, 332, 481, 622, 764, 928.
Data on telephone, transit, and water stocks, 43, 185, 333, 482, 623, 765, 929.
Recent utility brochures, 330.
Utility financing, 38, 180, 255, 478, 621, 689, 760.
Utility offerings, 39, 181, 182.
Yield yardsticks, 253, 407, 619, 853.

TAXES
Alternative tax depreciation and the regulated utilities, 456.
Balance sheet confusion over disposition of deferred taxes, 691.
Communications excise tax ruling, 33.
Depletion allowance of mining companies, 31.
Governor Rockefeller plans telephone tax meeting, 325.
House votes to continue telephone tax, 921.
Illinois supreme court now supports "normalization," 619.
New Jersey leans toward "flow through," 42.
New York phone tax becomes law, 686.
Ohio Bell continues excise tax fight, 615.
Outlook for public utilities—1960, 1.
Phone tax, 247, 538.
Publishers seek reversal of ad tax curb, 29.
Regulatory treatment of accelerated depreciation, 830.
Special taxes imposed by local authorities should be shown on bills, 777.
Telephone tax advocated in New Jersey, 756.

TELEPHONES
Aluminum "pipes" transmitting phone calls, 249.
AT&T expansion plans, 684, 756.
AT&T reports successful year, 105, 323.
AT&T rushes service for correspondents, 399.
AT&T vigorously defends profits system, 326.
Bell Laboratories build space terminal, 696.
Bell officials analyze stringent postwar regulatory standards, 540.

TELEPHONES—Cont'd
Charity contribution complaint dismissed, 103.
Customer preference as a regulatory factor, 345.
Direct dialing of extensions, 614.
Direct dialing speeds hotel service, 627.
Governor Rockefeller plans telephone tax meeting, 325.
House votes to continue telephone tax, 921.
Independent telephone companies show 1959 growth, 538.
Independent telephone corporation acquires two companies, 401.
Industry in dynamic role, 178.
Legality of wire taps unresolved, 684.
Little "show shop" helps off-job safety, 523.
New electronic telephone system outlined, 325.
New York phone tax becomes law, 686.
Ohio Bell continues excise tax fight, 615.
Ohio Bell proposes cost study, 755.
Outlook for telephone expansion in the Sixties, 92.
Possibility of AT&T interstate rate reduction seen, 919.
Research unit established by General Telephone, 177.
Separations manuals controversy, 615.
Southern Bell rate increase ordered in Louisiana, 175.
Table—financial stock data, 43, 185, 333, 482, 623, 765, 929.
Tax advocated in New Jersey, 756.
Tax may be retained, 247, 538.
Telegraph-telephone statistics, 105.
Township to lose free telephones, 35.
Transatlantic cable capacity may be doubled, 537.
USITA management development program, 399.
U.S.-Puerto Rico telephone cable, 249.

TELEVISION
See Radio and Television.

TENNESSEE VALLEY AUTHORITY
Expansion plan—600,000 kilowatt units, 543.
Memphis to boost rates, 101.
Million kilowatts to be added next year, 100.
Statistics, 256.

TRANSPORTATION
See also Railroads.
Cheaper airmail criticized, 683.
Electric autos might double use of electricity, 478.
ICC administrative problem, 433.
Local transportation aid bill, 398.
Mergers and consolidations, 173.
Recent publication — "Guide to Nighttime Highway Safety," 196.
St. Lawrence seaway—some neglected aspects, 227.
Survival of commuter rail service, 931.
